South Beach Tunic & Wrap
 A new take on Feather & Fan: our asymmetrical tunic grades through a series of 6 colors in Domino, perfect for spring lace knitting. Tunic is just as striking with the back panel evened to match the front.
 The versatile wrap or scarf is shown wrapped around Abbie's arms to create the illusion of sleeves.

Stellar Tunic
 More Domino, this time in a lacy tunic with deep side slits and slightly belled sleeves. Perfect for a beach cover-up, or worn over a slip dress or camisole and slim pants.

5603 Spring Swing, left
 Flirtatious Kiwi works into a confection of spring texture for a fun swing vest that can be worn a multitude of ways.

5604 Hoodie, right
 New Calypso, a wonderfully textured cotton and rayon slub, knits up quickly for a charming convertible hoodie. Buttons close the front and also the hood, which lays flat like a collar when unbuttoned.

Calypso Sweat Shirt
 What's more comfy than an oversized, slouchy cotton tunic complete with kangaroo pocket? Not much that I can think of.

5606 Kiwi Punch
 More fun with Kiwi—an asymmetrical top with two coordinating colors. Visit the southwest with Sedona and Mojave, and wear this cool, comfy cotton top on chilly desert evenings.
